

OUTSIDE

Trees
More than 50 different species comprise the approximately 341 trees within the Reserve. Species include the Frontier Elm and American Chestnut, along with the endangered Giant Sequoia and White Ash.

Grant House Herb Garden
Six different culinary herbs and several cultivars are used by the restaurant's chef. Dedicated volunteers from the Hardy Plant Society-Clark County maintain the garden.

Howard House Rose Garden
About 100 heirloom roses planted by the Fort Vancouver Rose Society include Old Garden Roses (classes dating to earlier than 1867) like Gallica blooming May-June. Other vintage varieties include Rugosas which flower June into fall.

This map is made possible in part by assistance from the City of Vancouver, Washington Lodging Tax Grant Program. We gratefully acknowledge help from the City of Vancouver Urban Forestry Program. You can learn more about heritage trees at: cityofvancouver.us/publicworks/page/heritage-trees.

BOTANICAL MAP

The Historic Trust and the City of Vancouver invite you to walk through Officers Row and environs at the Vancouver National Historic Reserve and appreciate the role trees and other plantings have played in the history of the site.
